EXAMINER'S COMMENT

Applicant's after-final amendment of 12/4/2004 regarding the claims was not entered per MPEP 714.03 (Rev. 1, February 2003), which explains the notice of non-compliant amendment which was further explained in the Official Gazzete with the title, AMENDMENTS IN A REVISED FORMAT NOW PERMITTED, published 1267 Off. Gaz. Patent Office 106 (February 25, 2003).

The IDS of 12/3/2003 was considered by the Examiner, but the IDS is non-compliant because the statement submitted by applicant on page 2 first full paragraph does not reflect 37 C.F.R. 1.97(e)(1):

"That each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement".

Thus the references were not considered.

Regarding the non-compliance of the claims, claims 1 and 17 were non-compliant due to improper status identifiers. Since the amendment was non-compliant, new claims 19-21 could not be entered.

However, it is the Examiner's position that the claims 1, 6-18 are allowable since the certified translation of the priority document, 11-284036 of 10/5/1999, which applicant submitted 12/4/2004 has removed the reference 6,228,218 Takeuchi involving the 103 rejection of the claims. The remaining two references 6,228,218 and Iler 2,801,938 cannot sustain the 103 rejection. Furthermore, applicant's arguments were persuasive regarding the facts that the remaining two references cannot sustain the 103 rejection under obviousness with any reasonable rationale.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John J. Guarriello whose telephone number is 571-272-1476. The examiner can normally be reached on 8 hr. flex.
